

June 2023

Hello Parents & Guardians!

We are so excited to meet your fourth graders! We look forward to working together and helping your child continue to grow and learn.

This year, students will be rotating classes. They will have a set homeroom teacher. For Math and Science, students will be with Mrs. Vazquez and for Language Arts and Social Studies, students will be with Mr. Bates.

We highly encourage students to bring in a school approved sweater because the temperature in the classroom varies room to room.

We look forward to a great school year! We will see you soon!
